VIBHUTI GUPTA

"I am a graduate of NIFT (NATIONAL INSTITUTE OF FASHION TECHNOLOGY), the pioneering institute of fashion education , a mother of 2 beautiful kids and the creative director of KAAJ-VIBHUTI GUPTA.

Dressing people has always been my passion and that brought me to the start of my own fashion and apparel business. The motto for me is to believe in " Quality and exclusivity".

So, here I am , restarting work after 8 years of long gap in Singapore

MOTHER/FOUNDER MEMBER

NAT FOONG

Hi, My name is Nat and I am the The founder of these 2 social enterprises,

Infinite Wellness and Curious Baby Elephant Artisanal Studio.

I have always love to create, design, strategize and build a brand... see how far it can grow and how it impacts the society, community, humanity, and the world. Built from the love of how we can help humankind and how we can give back, here are some details about the work I do and would love your support!

i) Curious Baby Elephant Artisanal Studio
A social enterprise that believes in sustaining a balanced ecosystem in the world for our future generation. Our crafted baby and children's products are made of natural, organic, eco-friendly materials. They are meticulously sourced for its purest certified material, quality, safety standards and sustainable nature. Each product and category are driven by a cause and has a strong concept behind it. Every purchase, gives back.

ii) Infinite Wellness Studio
A social enterprise that supports the importance of a balanced body, mind, and spirit.
We offer curated therapeutic classes and workshops.
BODY: Exercise. Sleep. Nutrition.
MIND: Meditation. Reflection. Perspective.
SPIRIT: Purpose. Renewal. Connection.

SEEMA CHAND

MOTHER/FOUNDER MEMBER

What's your story Seema?

As a single mother and founder of Rigouts, my story is one of resilience and empowerment. Balancing motherhood and entrepreneurship has been challenging, but I'm driven by my passion for sustainable fashion. Rigouts is my way of making a positive impact, inspiring others to embrace conscious choices and redefine traditional fashion.

How & Why did you start your company/passion work? Did you have a crossroad moment?

Starting Rigouts was a natural extension of my values and aspirations. I experienced the challenge of finding reliable sources for high-quality sustainable and handcrafted goods. This realization, combined with my background in HR/Marketing and my love for fashion, led me to create Rigouts. It was a crossroad moment where I decided to channel my passion into a purposeful venture that promotes conscious choices and celebrates cultural heritage.

What would you like to say to fellow mothers or women thinking of starting a business?

To fellow mothers and aspiring women entrepreneurs, I encourage you to believe in yourself and your abilities. Embrace your strengths, pursue your passions, and don't be afraid to take risks. Remember, you have the power to create your own path and make a meaningful impact in the world of business.

MOTHER/FOUNDER MEMBER

Nivya Mehta

What's your story?

Klay is a contemporary hand-crafted jewelry studio in Singapore that creates lightweight, non-sensitive, and non-toxic jewelry for women.
On the other hand, Nivvy lives 2 separate lives!
A medical scientist by day who travels and trains other scientists on medical devices and medical tests and a dancer and jewelry designer in her downtime.
She loves to travel, and enjoys her tea and Punjabi pop music!

How & Why did you start your company/passion work?

Learning jewellery making since the age of 8 from her Grandmother, Klay's venture into polymer clay started in 2021 as a perfect medium to incorporate all of her teachings into one mould. Klay wishes to collaborate the essence of Indian art of henna and jhumkis, whilst connecting her playful and cheery side in modern-contemporary style as well.

What would you like to say to fellow mothers or women thinking of starting a business?

You will face many obstacles and bumps on the road. The ladder to success is a long, steep one. Continue to believe in yourself. You will have to be strong, resilient and with a strong mental will. Continue to work on yourself and your brand.

ADELPHIA LIM

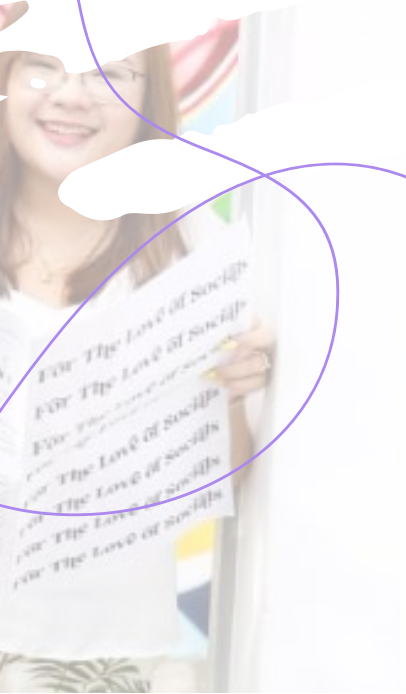

What's her story?

You can get your social game on with Adel, the founder of For the Love of Socials (FTLOS for short), and a whiz with social media marketing!

She has worked with 30+ brands across different industries, helping them to amplify their brand storytelling on social and build a following of loyal fans. No matter your industry or business size, she brings your brand to life and makes social media easy.

When not shooting content or creating a social calendar, Adel's busy taking her corgi on walks curled up in bed with her Kobo reader, or dancing with friends.

Find & Know More about Adelphia and her brand!
As a Mother/Founder Movement Member,
Adelphia has taken a pledge to support other Mothers building their businesses!

EAT LIKE A CEO- Ania Lees

Working as an entrepreneur, from the office or at home, Meal Planning is always a constant overwhelm!

EAT LIKE A CEO

The "Eat Like a CEO" workshop, is an insightful and empowering session designed to guide participants toward optimal health and peak performance through mindful and strategic dietary choices.

Drawing parallels between effective leadership and nourishing the body, this workshop offers a unique perspective on how adopting a plant-based lifestyle can contribute to enhanced vitality, mental clarity, and overall well-being.

Similar to a CEO's meticulous planning, participants gain insights into effective meal planning, prepping, and time-saving strategies to ensure consistent and nourishing meals despite busy schedules.

Working as an entrepreneur, from the office or at home, Meal Planning is always a constant overwhelm!

The workshop highlights plant-based foods rich in antioxidants, omega-3 fatty acids, and other nutrients that enhance cognitive function, memory, and creativity—crucial attributes for successful leadership.

Participants will also have the opportunity to engage in a Q&A session, seeking guidance on how to integrate plant-based principles into their specific routines and dietary preferences.
